Machine gum and rifle fire was beard from the training area. 25X1 25X1 25X1A Commenta The reconditioning of the comp northeast of Jamlitz indicates that the camp will soon be occupied by the 7th Cds Mech Div. The 13th Mech Div. too, was scheduled to transfer to the summer camp in early May. 25X1 25X1 25X1A comment. Information tends to indicate that the 71st Light Arty Brig (US) was at the post up to 20 April. 25X1A Commant. It is possible that an artillery unit of the Fourth Gds Mech Army went to Templin for firing practice on 14 April and returned on 23 April. 25X1A 25X1A Comment. Tenk units of the 83d Cds Hv Tenk SP Regt of the 25th Tenk Div which, presumebly, went to Templin as advance parties. 25X1A 25X1A Comment. An exercise of units of the 12th Gds Tank Div, probably at Gentzrode garrison training grounds. 25X1A
